A new actor: not a person but a piece of apparatus

Bruno Latour wrote an important review of

theories, or for showing that they were empirically acceptable. I saw myself as starting a δ c

The creation of phenomena

When I wrote about the creation of phenomena I realized this would seem like a gross exaggeration. I said,

public place, and give his opinion on the e z r g t k o g p u ' y j k e j ' c t g ' u g g p " 0 0 A ö ' ö ' ö P q v ' c v ' c m ö D q { r g ' k u " made to reply (p.350). Only the elite few could enter these laboratories, these colleges and u q e k g k 4
